Cookie Overview

Cookie Name	Placed by	Expiration time	First / Third party	Description
Necessary cookies				
cookie-agreed cookie-agreed-version cookie-agreed-categories	Boplan	3 months	First party	This cookie is set when a visitor agrees to the cookie terms. This is used to not show the banner again after the visitor has consented.
X-Language	Boplan	1 year	First party	This cookie is used to store your preferred language.
Analytics cookies				
_dc_gtm_XXX	Google tag manager	1 minute	First party	Used to throttle request rate.
__utmt	Google Analytics	10 minutes	First party	The cookie is set by Google Analytics and is used to throttle request rate.
__utmb	Google Analytics	30 minutes	First party	The cookie is set by Google Analytics. The cookie is used to determine new sessions/visits. The cookie is created when the JavaScript library executes and there are no existing __utma cookies. The cookie is updated every time data is sent to Google Analytics.
_gid	Google Analytics	1 day	First party	This cookie is installed by Google Analytics. The cookie is used to store information of how visitors use a website and helps in creating an analytics report of how the website is doing. The data collected including the number of visitors, the source where they have come from, and the pages visted in an anonymous form.
_gcl_au	Google Analytics	2 months	First party	This cookie is used by Google Analytics to understand user interaction with the website.
_ga_XXXXXXXXX	Google Analytics	4 months	First party	Contains campaign related information for the user. If you have linked your Google Analytics and Google Ads accounts, Google Ads website conversion tags will read this cookie unless you opt-out.
__utmz	Google Analytics	5 months	First party	This cookie is set by Google analytics and is used to store the traffic source or campaign through which the visitor reached your site.
__utma	Google Analytics	2 years	First party	This cookie is set by Google Analytics and is used to distinguish users and sessions. The cookie is created when the JavaScript library executes and there are no existing __utma cookies. The cookie is updated every time data is sent to Google Analytics.
_ga	Google Analytics	2 years	First party	This cookie is installed by Google Analytics. The cookie is used to calculate visitor, session, campaign data and keep track of site usage for the site's analytics report. The cookies store information anonymously and assign a randomly generated number to identify unique visitors.
__utmc	Google Analytics	Expires on session end	First party	The cookie is set by Google Analytics and is deleted when the user closes the browser. The cookie is not used by ga.js. The cookie is used to enable interoperability with urchin.js which is an older version of Google analytics and used in conjunction with the __utmb cookie to determine new sessions/visits.
_hjIncludedInSample	Hotjar	On session end	Third party	This cookie is associated with web analytics functionality and services from Hot Jar, It uniquely identifies a visitor during a single browser session and indicates they are included in an audience sample.
_hjAbsoluteSessionInProgress	Hotjar	On session end	Third party	This cookie is associated with web analytics functionality and services from Hot Jar. It uniquely identifies a visitor during a single browser session.
_hjid	Hotjar	On session end	Third party	Hotjar cookie. This cookie is set when the customer first lands on a page with the Hotjar script. It is used to persist the random user ID, unique to that site on the browser. This ensures that behavior in subsequent visits to the same site will be attributed to the same user ID.
